Two posters on IC4IR2021 (a) Call For Paper and (b) Mujib Centenary Idea Contest 2021 for extensive circulation and uploading in university Website, Facebook group and other social media.

Esteemed Concerned,

Greetings from the University Grants Commission of Bangladesh!

We are pleased to inform you that the University Grants Commission of Bangladesh is going to host a two-day long **International Conference on 4th Industrial Revolution and Beyond (IC4IR) 2021** on 10-11 December 2021 in honor of the Father of the Nation of Bangabandhu Sheikh Mujibur Rahman to mark the celebrations of the Birth Centenary of Bangabandhu and the Golden Jubilee of Independence of Bangladesh. Nobel Laureates, Turing Award Winners and renowned academics from the top-ranked universities across the world will be present/connected at this grand conference. It will pave the way for solving local as well as international problems in the industrial domain through application of frontier technologies.

To achieve the Sustainable Development Goals (SDGs) and implement Vision 2041, there is no alternative to materialize the huge potentials of 4IR in every sector of the country without much delay. The Conference is expected to encourage university students, teachers, researchers and relevant stakeholders in formulating a realistic plan to achieve the Vision 2041. We do believe that such an international conference will create tremendously pace and momentum in the arena of research and teaching-learning especially at tertiary level education since it will work as an appropriate platform to link researchers both from home and abroad.

Honorable Prime Minister Sheikh Hasina has been invited to grace the opening ceremony of the gala event as its Chief Patron as well as the Chief Guest and **Honorable President Md. Abdul Hamid** the closing ceremony as the Chief Guest.

Two posters on IC4IR2021 (a) Call For Paper and (b) Mujib Centenary Idea Contest 2021 has been attached herewith for extensive circulation and uploading in university Website, Facebook group and other social media.

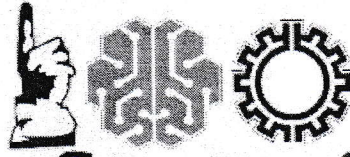

Thanking you in anticipation for your prompt endeavor.

With deepest regards,

ABOUT IC4IR 2021

The International Conference on 4th Industrial Revolution and Beyond (IC4IR) in 2021 will serve as a premier international forum for bringing together researchers and practitioners from diverse domains to share cutting-edge research results obtained through the application of artificial intelligence, the internet of things, data analytics, and cloud computing to solve problems in the industrial domain. The conference will take place in the year 2021 and will bring together researchers and practitioners from diverse domains. IC4IR 2021 also promotes the sharing and dissemination of innovative and practical development of methodologies and technologies with industrial applications through the exchange and dissemination of best practices among the participants.

About University Grants Commission (UGC)

The Father of the Nation Bangabandhu Sheikh Mujibur Rahman recognized the importance of quality higher education towards building a knowledge-based economy in Bangladesh. The functions of UGC are allocation of funds to universities, facilitate the development of higher educational system in Bangladesh with main purpose of upgrading the qualities of teaching-learning at the tertiary level, encourage cutting-edge innovative research and development, and improve governance issues at the universities. Also, UGC is responsible for formulating higher education policy and quality assurance to meet the international standard and advise the Government accordingly.
